TONKATSU ENBITON

BRAND STORY

The first tonkatsu restaurant in Singapore to serve the most exquisite quality of Yuzu Pork, Tonkatsu ENbiton prides itself on its signature Yuzu Pork, sourced and imported from the most exceptional farms in Kagoshima, Japan.

The pigs are fed with yuzu, resulting in a juicy and succulent texture, with a mouthfeel that is less greasy.

Our chefs skilfully deep-fry each piece of Yuzu Pork to perfection, achieving a crispy exterior and tender interior that guarantees a mouth-watering experience with every bite. Our precise and thorough preparation method guarantees that every bite of our signature dish delivers a truly delightful taste sensation.

In addition to our renowned Yuzu Pork, Tonkatsu ENbiton offers a range of other signature dishes such as the A4/A5 Miyazaki Gyukatsu, served with teppan grill, black curry, and ramen, an exquisite delicacy that embodies the rich and complex flavours of Japanese cuisine.

HOW TO ENJOY TONKATSU?

TONKATSU

Grind the roasted sesame seeds and add them to your tonkatsu sauce for an extra fragrant and flavourful touch. Experience the traditional way of enjoying tonkatsu by dipping the meat into the tonkatsu sauce.

OROSHI TONKATSU

Grated daikon radish mixed with yuzu ponzu dressing.

Pair both daikon and tonkatsu for a refreshing and tangy flavour.

MISO TONKATSU

For a rich and savoury umami flavour that enhances the crispy and fried texture of your pork katsu, try pairing it with a delicious miso sauce.

CABBAGE & ARUGULA

Mix the light and crunchy cabbage and arugula with the roasted sesame sauce. The mixed greens cleanses your palate and balances out the rich and fried flavour of the tonkatsu.

TSUKEMONO (PICKLES)

Recommended to pair it with rice. It adds a refreshing and tangy taste to the dish, and helps to refresh your taste buds and balance out the rich and fried flavour of the tonkatsu.

TONJIRU (PORK MISO SOUP)

Our Tonjiru (pork miso soup) is prepared with savoury pork and vegetables. Best paired with tonkatsu to balance out the fried texture of the pork katsu.

WHAT IS 特別 SPECIAL ABOUT YUZU PORK?

Pigs' feed includes Yuzu and Yuzu are grown in Soo City, Kagoshima Prefecture (Kyushu's leading yuzu production).

Rich in Vitamin C, pectin and citric acid, strengthen immune system, regulate intestines, prevent aging, prevent spots and freckles.

Contains Stearic Acid

ANTIOXIDANT

Taste

UMAMI, TENDER, JUICY

High Melting Point of Fats

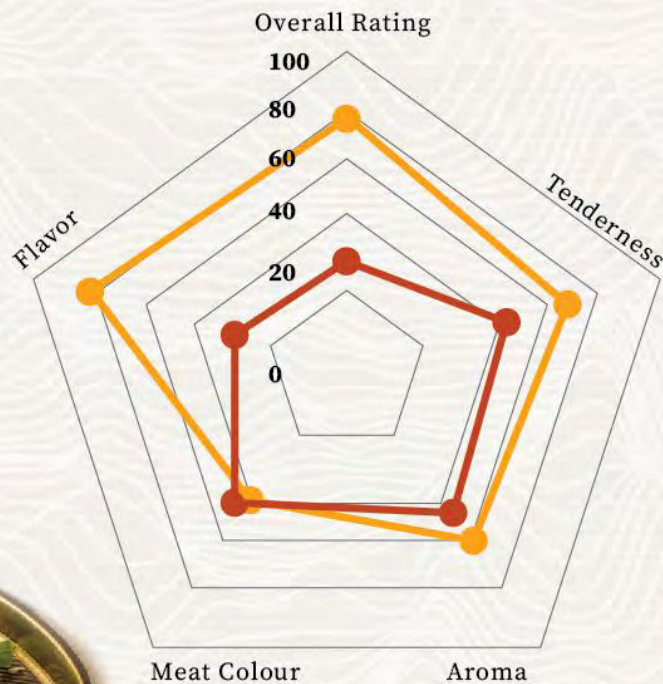

OXIDATION OF OILS AND FATS IS SLOW, ALLOW RETAINING OF FLAVOURS

Good Cholestrol

REDUCES BAD CHOLESTROL AND PREVENTS ARTERIOCLEROSIS
